

Safety Data Sheet 29 CFR Part 1910.1200

Printing date 10/20/2020

Reviewed on 07/02/2015

 Identification Product identifier Trade name: Geenius ™ HIV 1/2 Confirmatory Assay - 15 µl Microtubes, 20 Article number: 7287Y Application of the substance / the mixture in vitro diagnostic medical device or component. Details of the supplier of the safety data sheet Manufacturer/Supplier: Bio-Rad Boulevard Raymond Poincaré F-92430 Marnes-la-Coquette Tel: +33 (0)1 47 85 000 Fax: +33 (0)1 47 41 91 33 e-mail: fds-mads.fr@bio-rad.com Information department: Customer support. Emergency telephone number: See item 16 This SDS is listed with CHEMTREC 1800-424-9300 / 1-510-741-1000. Use only in the event of a CHEMICAL EMERGENCY involving a SPILL, LEAK, FIRE, EXPLOSION or ACCIDENT with this product. 2 Hazard(s) identification Classification of the substance or mixture The product is not classified, according to the Globally Harmonized System (GHS). 2 Label elements OHS label elements Void Hazard pictograms Void Hazard pictograms Void Hazard statements Void Classification system: NFPA ratings (scale 0 - 4) Health = 0 Fire = 0 Reactivity = 0 HMIS-ratings (scale 0 - 4) Health = 0 Fire = 0 Reactivity = 0 Other hazards Results of PBT and vPvB assessment ·PBT: Not applicable. 	-

(Contd. of page 1)

3 Composition/information on ingredients

· Chemical characterization: Mixtures

· Description: Mixture without a chemical hazard.

· Dangerous components: Void

4 First-aid measures

Description of first aid measures

- · General information: No special measures required.
- · After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact: Immediately wash with water and soap and rinse thoroughly.
- · After eye contact: Rinse opened eye for several minutes under running water.
- After swallowing: Consult a doctor, if necessary.
- · Information for doctor:
 - Most important symptoms and effects, both acute and delayed No further relevant information available.
 - · Indication of any immediate medical attention and special treatment needed No further relevant information available.

5 Fire-fighting measures

· Extinguishing media

Suitable extinguishing agents:

Use fire fighting measures that suit the environment.

CO2, extinguishing powder or water spray. Fight larger fires with water spray.

- Special hazards arising from the substance or mixture No further relevant information available.
- Advice for firefighters
 - · Protective equipment: No special measures required.

6 Accidental release measures

• Personal precautions, protective equipment and emergency procedures Wear disposable gloves. • Environmental precautions: Do not allow product to reach sewage system or any water course.

- Methods and material for containment and cleaning up: Pick up mechanically.
- · Reference to other sections
- No dangerous substances are released.
- See Section 7 for information on safe handling.
- See Section 8 for information on personal protection equipment.
- See Section 13 for disposal information.

7 Handling and storage

· Handling:

· Precautions for safe handling

No special measures required.

Follow good laboratory practices.

• Information about protection against explosions and fires: No special measures required.

· Conditions for safe storage, including any incompatibilities

Storage:

- Requirements to be met by storerooms and receptacles: No special requirements.
- · Information about storage in one common storage facility: Not required.
- Further information about storage conditions: None.

• Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

· Additional information about design of technical systems: No further data; see item 7.

· Control parameters

Components with limit values that require monitoring at the workplace: Not required. **Additional information:** The lists that were valid during the creation were used as basis.

· Exposure controls

· Personal protective equipment:

General protective and hygienic measures:

The usual precautionary measures for handling chemicals should be followed.

· Breathing equipment: Suitable respiratory protective device recommended.

- · Protection of hands: Protective gloves
- Eye protection: Safety glasses

Information on basic ph · General Information	ysical and chemical properties	
· Appearance:		
· Form:	Solid	
Color:	Colorless	
· Odor:	Odorless	
· pH-value:	Not applicable.	
Change in condition		
	ing range: Undetermined.	
 Boiling point/Boili 	ng range: Undetermined.	
· Flash point:	Not applicable.

		(Contd. of page 3)
· Danger of explosion:	Product does not present an explosion hazard.	
· Density:	Not determined.	
· Solubility in / Miscibili	ty with	
· Water:	Insoluble.	
· Other information	No further relevant information available.	

10 Stability and reactivity

• Reactivity No further relevant information available. • Chemical stability

- Thermal decomposition / conditions to be avoided:
- No decomposition if used according to specifications.
- Possibility of hazardous reactions No dangerous reactions known.
- Conditions to avoid No further relevant information available.
- Incompatible materials: No further relevant information available.
- · Hazardous decomposition products: No dangerous decomposition products known.

11 Toxicological information

· Information on toxicological effects

· Additional toxicological information:

The product is not subject to classification according to internally approved calculation methods for preparations:

When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

Carcinogenic categories

IARC (International Agency for Research on Cancer)

None of the ingredients is listed.

NTP (National Toxicology Program)

None of the ingredients is listed.

OSHA-Ca (Occupational Safety & Health Administration)

None of the ingredients is listed.

12 Ecological information

· Toxicity

- Aquatic toxicity: No further relevant information available.
- Persistence and degradability No further relevant information available.
- · Behavior in environmental systems:
 - · Bioaccumulative potential No further relevant information available.

• Mobility in soil No further relevant information available. • Additional ecological information:

· General notes: Avoid transfer into the environment.

· Results of PBT and vPvB assessment

- · **PBT:** Not applicable.
- · vPvB: Not applicable.

• Other adverse effects No further relevant information available.

13 Disposal considerations

· Waste treatment methods

• Recommendation: Must be specially treated adhering to official regulations.

· Uncleaned packagings:

• Recommendation: Disposal must be made according to official regulations.

• Recommended cleansing agent: Water, if necessary with cleansing agents.
