

# SAFETY DATA SHEET

### 1. Identification

### Product identifier: lodine

Other means of identification Product No.: 0975, 2208, 2211, 1008, 72187

### Recommended use and restriction on use

**Recommended use:** For Laboratory, Research or Manufacturing Use. **Restrictions on use:** Not determined.

### Details of the supplier of the safety data sheet

|                 | Avantor Performance Materials, LLC.<br>3477 Corporate Parkway<br>Center Valley, PA 18034 |
|-----------------|--|
| Telephone:      |  |
|                 | Customer Service: 855-282-6867   |
| Fax:            | 610-573-2610   |
| Contact Person: | Environmental Health & Safety  |
| E-mail:         | info@avantormaterials.com  |

### **Emergency telephone number:**

CHEMTREC: 1-800-424-9300 within US and Canada

### 2. Hazard(s) identification

### **Hazard Classification**

| Physical Hazards   |                          |
|--|--------------------------|
| Oxidizing solids   | Category 1               |
| Health Hazards   |                          |
| Acute toxicity (Dermal)  | Category 4               |
| Acute toxicity (Inhalation - vapor)                                  | Category 4               |
| Skin Corrosion/Irritation  | Category 1               |
| Serious Eye Damage/Eye Irritation                                    | Category 1               |
| Specific Target Organ Toxicity -<br>Single Exposure                  | Category 3 <sup>1.</sup> |
| Specific Target Organ Toxicity -<br>Repeated Exposure                | Category 1 <sup>2.</sup> |
| <b>Target Organs</b><br>1.Respiratory tract irritation.<br>2.Thyroid |                          |
| Environmental Hazards  |                          |
| Acute hazards to the aquatic environment                             | Category 1               |

### Label Elements

Hazard Symbol:

| Signal Word:                | Danger   |
|-----------------------------|--|
| Hazard Statement:           | May cause fire or explosion; strong oxidizer.<br>Harmful in contact with skin or if inhaled.<br>Causes severe skin burns and eye damage.<br>May cause respiratory irritation.<br>May cause drowsiness or dizziness.<br>Causes damage to organs through prolonged or repeated exposure.   |
| Precautionary<br>Statements | Very toxic to aquatic life.  |
| Prevention:                 | Wear protective gloves/protective clothing/eye protection/face protection.<br>Use only outdoors or in a well-ventilated area. Avoid release to the<br>environment. Wash thoroughly after handling. Keep away from heat, hot<br>surfaces, sparks, open flames and other ignition sources. No smoking. Take<br>any precaution to avoid mixing with combustibles. Wear fire resistant or<br>flame retardant clothing. Do not breathe dust/fume/gas/mist/vapours/spray.  |
| Response:                   | IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. IF INHALED:<br>Remove person to fresh air and keep comfortable for breathing. IF ON SKIN<br>(or hair): Take off immediately all contaminated clothing. Rinse skin with<br>water [or shower]. IF ON CLOTHING: rinse immediately contaminated<br>clothing and skin with plenty of water before removing clothes. IF IN EYES:<br>Rinse cautiously with water for several minutes. Remove contact lenses, if<br>present and easy to do. Continue rinsing. In case of major fire and large<br>quantities: Evacuate area. Fight fire remotely due to the risk of explosion.<br>Immediately call a POISON CENTER/doctor. Collect spillage. |
| hazards which do not        | None.  |

Other hazards which do not result in GHS classification:

### 3. Composition/information on ingredients

### Substances

| Chemical name   | Common name and synonyms | CAS number | Content in percent (%)* |
|---|--------------------------|------------|-------------------------|
| lodine  |                          | 7553-56-2  | 100%                    |
| * All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume. |                          |            |                         |

### 4. First-aid measures

| General information:   | Get medical advice/attention if you feel unwell. If medical advice is needed, have product container or label at hand.   |  |
|--|--|--|
| Ingestion:   | Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER/doctor. If vomiting occurs, keep head low so that stomach content doesn't get into the lungs.  |  |
| Inhalation:  | Move to fresh air. Call a POISON CENTER/doctor if you feel unwell. If breathing stops, provide artificial respiration. If breathing is difficult, give oxygen.   |  |
| Skin Contact:  | Immediately flush with plenty of water for at least 15 minutes while<br>removing contaminated clothing and shoes. Get medical attention. Wash<br>contaminated clothing before reuse. If skin irritation or an allergic skin<br>reaction develops, get medical attention.   |  |
| Eye contact:   | Immediately flush with plenty of water for at least 15 minutes. If easy to do, remove contact lenses. Call a physician or poison control center immediately. In case of irritation from airborne exposure, move to fresh air.  |  |
| Most important symptoms/effect   | s, acute and delayed   |  |
| Symptoms:  | Corrosive to skin and eyes. Causes digestive tract burns.  |  |
| Hazards:   | None known.  |  |
| Indication of immediate medical attention and special treatment needed   |  |  |
| Treatment:   | Treat symptomatically. Symptoms may be delayed.  |  |
|  |  |  |
| 5. Fire-fighting measures  |  |  |
| 5. Fire-fighting measures<br>General Fire Hazards:   | Strong oxidizer - contact with other material may cause fire. In case of fire and/or explosion do not breathe fumes.   |  |
|  | and/or explosion do not breathe fumes.   |  |
| General Fire Hazards:  | and/or explosion do not breathe fumes.   |  |
| General Fire Hazards:<br>Suitable (and unsuitable) extingu<br>Suitable extinguishing   | and/or explosion do not breathe fumes.   |  |
| General Fire Hazards:<br>Suitable (and unsuitable) extingu<br>Suitable extinguishing<br>media:<br>Unsuitable extinguishing   | and/or explosion do not breathe fumes.<br>Jishing media<br>Use fire-extinguishing media appropriate for surrounding materials.   |  |
| General Fire Hazards:<br>Suitable (and unsuitable) extingu<br>Suitable extinguishing<br>media:<br>Unsuitable extinguishing<br>media:<br>Specific hazards arising from                  | and/or explosion do not breathe fumes.<br><b>Jishing media</b><br>Use fire-extinguishing media appropriate for surrounding materials.<br>None known.<br>During fire, gases hazardous to health may be formed. Product is highly<br>caustic. Product is acidic. Wear appropriate protective gear if spilled during<br>firefighting. |  |
| General Fire Hazards:<br>Suitable (and unsuitable) extingu<br>Suitable extinguishing<br>media:<br>Unsuitable extinguishing<br>media:<br>Specific hazards arising from<br>the chemical: | and/or explosion do not breathe fumes.<br><b>Jishing media</b><br>Use fire-extinguishing media appropriate for surrounding materials.<br>None known.<br>During fire, gases hazardous to health may be formed. Product is highly<br>caustic. Product is acidic. Wear appropriate protective gear if spilled during<br>firefighting. |  |

## 6. Accidental release measures

| Personal precautions,<br>protective equipment and<br>emergency procedures: | Keep unauthorized personnel away. Keep upwind. Use personal protective<br>equipment. Do not touch damaged containers or spilled material unless<br>wearing appropriate protective clothing. Ventilate closed spaces before<br>entering them. See Section 8 of the SDS for Personal Protective<br>Equipment.   |
|--|---|
| Methods and material for<br>containment and cleaning<br>up:                | Neutralize with lime or soda ash. Neutralize spill area and washings with dilute acetic acid. Sweep up and place in a clearly labeled container for chemical waste. Dike far ahead of larger spill for later recovery and disposal.   |
| Notification Procedures:   | Prevent entry into waterways, sewer, basements or confined areas. Inform authorities if large amounts are involved.   |
| Environmental Precautions:   | Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Do not contaminate water sources or sewer.  |
| 7. Handling and storage  |   |
| Precautions for safe handling:   | Wash hands thoroughly after handling. Keep away from combustible<br>material. Do not breathe dust/fume/gas/mist/vapors/spray. Avoid contact<br>with eyes. Avoid contact with skin. Do not taste or swallow. Use caution<br>when adding this material to water. See Section 8 of the SDS for Personal<br>Protective Equipment.   |
| Conditions for safe storage,<br>including any<br>incompatibilities:        | Keep container tightly closed. Store in a well-ventilated place. Keep away from sources of ignition - No smoking. Keep away from combustible material. Do not store in metal containers.  |
| 8. Exposure controls/persona   | I protection  |
| Control Parameters   |   |
| Occupational Exposure Limi   | its   |
| Appropriate Engineering<br>Controls  | No data available.  |
| Individual protection measures,  | such as personal protective equipment   |
| General information:   | Good general ventilation (typically 10 air changes per hour) should be used.<br>Ventilation rates should be matched to conditions. If applicable, use<br>process enclosures, local exhaust ventilation, or other engineering controls<br>to maintain airborne levels below recommended exposure limits. If<br>exposure limits have not been established, maintain airborne levels to an<br>acceptable level. An eye wash and safety shower must be available in the<br>immediate work area. |

Wear safety glasses with side shields (or goggles). Wear a full-face Eye/face protection: respirator, if needed.

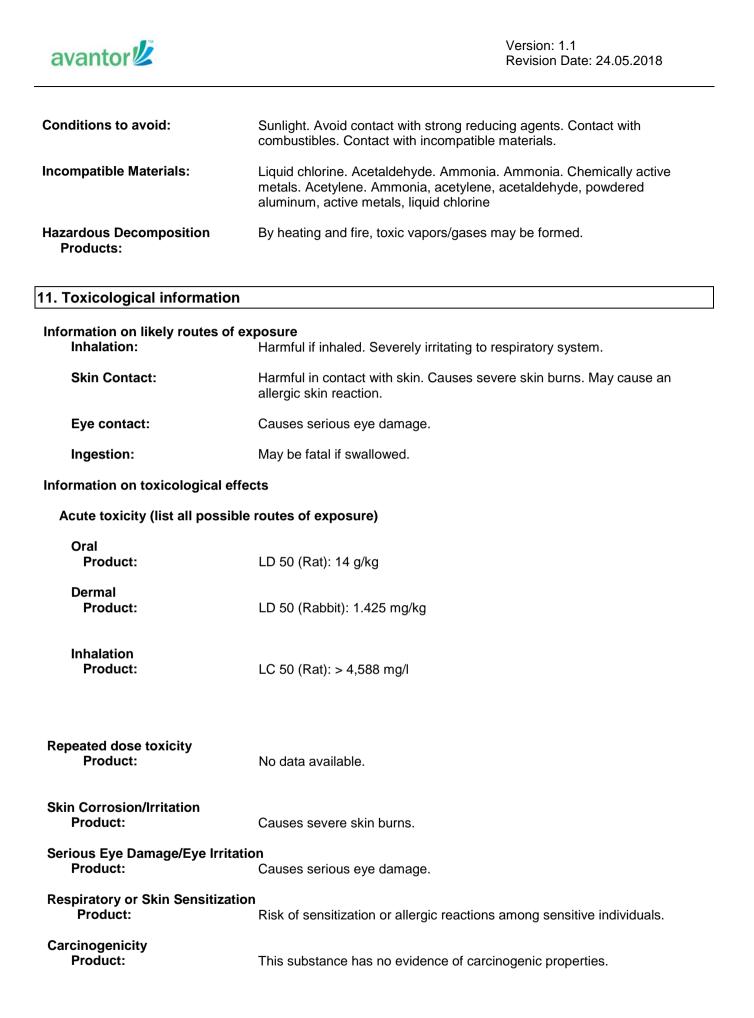

| Skin Protection<br>Hand Protection: | Chemical resistant gloves                                  |
|-------------------------------------|--|
| Other:                              | Wear suitable protective clothing and gloves.              |
| Respiratory Protection:             | In case of inadequate ventilation use suitable respirator. |

**Hygiene measures:** Do not get in eyes. Observe good industrial hygiene practices. Wash contaminated clothing before reuse. Avoid contact with skin. Wash hands before breaks and immediately after handling the product. Contaminated work clothing should not be allowed out of the workplace. Provide eyewash station and safety shower.

### 9. Physical and chemical properties

| Appearance                                 |  |
|--|--|
| Physical state:                            | Solid  |
| Form:                                      | Scales or plates; diatomic   |
| Color:                                     | Bluish black   |
| Odor:                                      | Sharp characteristic odor  |
| Odor threshold:                            | No data available.   |
| pH:  | No data available.   |
| Melting point/freezing point:              | 113,7 °C   |
| Initial boiling point and boiling range:   | 184,4 °C   |
| Flash Point:                               | No data available.   |
| Evaporation rate:                          | No data available.   |
| Flammability (solid, gas):                 | Noncombustible Solid   |
| Upper/lower limit on flammability or explo | sive limits  |
| Flammability limit - upper (%):            | No data available.   |
| Flammability limit - lower (%):            | No data available.   |
| Explosive limit - upper (%):               | No data available.   |
| Explosive limit - lower (%):               | No data available.   |
| Vapor pressure:                            | 0,031 kPa (25 °C)  |
| Vapor density:                             | No data available.   |
| Density:                                   | 4,93 g/ml (25 °C)  |
| Relative density:                          | 4,93 (25 °C)   |
| Solubility(ies)                            |  |
| Solubility in water:                       | 0,3 g/l (20 °C) Slightly Soluble<br>0,33 g/l (25 °C)   |
| Solubility (other):                        | carbon tetrachloride: 197 g/l (25 °C)<br>methanol: 230 g/l (25 °C)<br>ethanol: 205 g/l (15 °C)<br>ether: 206 g/l (17 °C) |
| Partition coefficient (n-octanol/water):   | 2,49   |
| Auto-ignition temperature:                 | No data available.   |
| Decomposition temperature:                 | No data available.   |
| Viscosity:                                 | No data available.   |
| Other information                          |  |
| Molecular weight:                          | 253,81 g/mol (I2)  |
| 10. Stability and reactivity               |  |
| Reactivity: No dang                        | perous reaction known under conditions of normal use.  |

### IARC Monographs on the Evaluation of Carcinogenic Risks to Humans:

No carcinogenic components identified US. National Toxicology Program (NTP) Report on Carcinogens: No carcinogenic components identified

### **ACGIH Carcinogen List:**

No carcinogenic components identified

### **Germ Cell Mutagenicity**

| In vitro<br>Product:   | No mutagenic components identified  |  |
|--|-------------------------------------|--|
| In vivo<br>Product:  | No mutagenic components identified  |  |
| Reproductive toxicity<br>Product:  | No components toxic to reproduction |  |
| Specific Target Organ Toxicity - Single Exposure<br>Product: Respiratory tract irritation. |                                     |  |
| Specific Target Organ Toxicity - Repeated Exposure<br>Product: Thyroid                     |                                     |  |
| Aspiration Hazard<br>Product:  | Not classified                      |  |
| Other effects:   | None known.                         |  |

### 12. Ecological information

### **Ecotoxicity:**

### Acute hazards to the aquatic environment:

| Fish<br>Product:                            | LC 50 (Guppy (Poecilia reticulata), 24 h): 3 mg/l Mortality<br>LC 50 (Rainbow trout,donaldson trout (Oncorhynchus mykiss), 96 h): 0,48 -<br>0,58 mg/l Mortality |  |
|---|---|--|
| Aquatic Invertebrates<br>Product:           | LC 50 (Water flea (Daphnia magna), 96 h): 0,51 - 0,68 mg/l Mortality  |  |
| Chronic hazards to the aquatic environment: |   |  |
| Fish<br>Product:                            | No data available.  |  |
| Aquatic Invertebrates<br>Product:           | No data available.  |  |
| Toxicity to Aquatic Plants<br>Product:      | No data available.  |  |
| Persistence and Degradability               |   |  |

| Biodegradation<br>Product:  | There are no data on the degradability of this product.   |  |
|---|---|--|
| BOD/COD Ratio<br>Product:   | No data available.  |  |
| Bioaccumulative potential<br>Bioconcentration Factor (BC<br>Product:  | <b>F)</b><br>No data available on bioaccumulation.  |  |
| Partition Coefficient n-octanol / w<br>Product:   | vater (log Kow)<br>Log Kow: 2,49  |  |
| Mobility in soil:   | No data available.  |  |
| Other adverse effects:  | Very toxic to aquatic organisms.  |  |
| 13. Disposal considerations   |   |  |
| Disposal instructions:  | Discharge, treatment, or disposal may be subject to national, state, or local<br>laws. Dispose of contents/container to an appropriate treatment and<br>disposal facility in accordance with applicable laws and regulations, and<br>product characteristics at time of disposal. |  |
| Contaminated Packaging:   | Since emptied containers retain product residue, follow label warnings even after container is emptied.   |  |
| 14. Transport information   |   |  |
