# Safety data sheet

according to 1907/2006/EC, Article 31

Printing date 27.10.2020

Version number 3

Revision: 10.04.2020

Trade name: R9 - Chromogen: TMB Solution (11x), (5 mL)

· 2.3 Other hazards

• Results of PBT and vPvB assessment • PBT: Not applicable.

• **vPvB:** Not applicable.

**SECTION 3: Composition/information on ingredients** 

· 3.2 Chemical characterisation: Mixtures

• **Description:** Mixture containing components at a non hazardous concentration.

· Dangerous components: Void

• Additional information: For the wording of the listed hazard phrases refer to section 16.

## **SECTION 4: First aid measures**

## · 4.1 Description of first aid measures

· General information: Immediately remove any clothing soiled by the product.

- · After inhalation: Supply fresh air.
- After skin contact: Immediately wash with water and soap and rinse thoroughly.
- · After eye contact:

Rinse opened eye for several minutes under running water. Then consult a doctor. • **After swallowing:** Call for a doctor immediately.

- 4.2 Most important symptoms and effects, both acute and delayed
- No further relevant information available.
- · 4.3 Indication of any immediate medical attention and special treatment needed
- No further relevant information available.

# **SECTION 5: Firefighting measures**

#### · 5.1 Extinguishing media

#### Suitable extinguishing agents:

CO2, powder or water spray. Fight larger fires with water spray.

Use fire extinguishing methods suitable to surrounding conditions.

• 5.2 Special hazards arising from the substance or mixture No further relevant information available.

- 5.3 Advice for firefighters
  - · Protective equipment: No special measures required.

## **SECTION 6: Accidental release measures**

- 6.1 Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Wear disposable gloves.
- . 6.2 Environmental precautions: Do not allow product to reach sewage system or any water course.
- 6.3 Methods and material for containment and cleaning up:

Absorb liquid components with liquid-binding material.

(Contd. on page 3)

Page 3/6

# Safety data sheet

according to 1907/2006/EC, Article 31

Printing date 27.10.2020

Version number 3

Revision: 10.04.2020

## Trade name: R9 - Chromogen: TMB Solution (11x), (5 mL)

(Contd. of page 2)

Use neutralising agent.

Dispose contaminated material as waste according to item 13.

6.4 Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

**SECTION 7: Handling and storage** 

- 7.1 Precautions for safe handling Follow good laboratory practices. • Information about fire - and explosion protection: No special measures required.
- · 7.2 Conditions for safe storage, including any incompatibilities
  - · Storage:
    - Requirements to be met by storerooms and receptacles: No special requirements. • Information about storage in one common storage facility: Not required.
    - Further information about storage conditions: Keep container tightly sealed.
- 7.3 Specific end use(s) No further relevant information available.

#### **SECTION 8: Exposure controls/personal protection**

- · Additional information about design of technical facilities: No further data; see item 7.
- · 8.1 Control parameters

Ingredients with limit values that require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

Additional information: The lists valid during the making were used as basis.

- Personal protective equipment:
  - General protective and hygienic measures:

Wash hands before breaks and at the end of work.

- Avoid contact with the eyes and skin.
- Respiratory protection: Suitable respiratory protective device recommended.
- Protection of hands: Protective gloves
- · Eye protection:
- Safety glasses

Tightly sealed goggles

#### **SECTION 9: Physical and chemical properties**

 • 9.1 Information on basic physical and chemical properties

 • General Information

 • Appearance:

 • Form:
 Fluid

 • Colour:
 Pink

 (Contd. on page 4)

Page 4/6

	(Contd. of page 3		
· Odour:	Weak, characteristic		
· pH-value at 20 °C:	1.5		
<ul> <li>Change in condition</li> <li>Melting point/freezing point: Undetermined.</li> <li>Initial boiling point and boiling range: Undetermined.</li> </ul>			
· Flash point:	Not applicable.		
· Explosive properties:	Product does not present an explosion hazard.		
· Density:	Not determined.		
Solubility in / Miscibility with water:	Fully miscible.		
<ul> <li>9.2 Other information</li> </ul>	No further relevant information available.		

#### **SECTION 10: Stability and reactivity**

- **10.1 Reactivity** No further relevant information available.
- 10.2 Chemical stability
  - Thermal decomposition / conditions to be avoided:
  - No decomposition if used according to specifications.
- 10.3 Possibility of hazardous reactions No dangerous reactions known.
- 10.4 Conditions to avoid No further relevant information available.
- **10.5 Incompatible materials:** No further relevant information available.
- · 10.6 Hazardous decomposition products: No dangerous decomposition products known.

## **SECTION 11: Toxicological information**

- · 11.1 Information on toxicological effects
  - · Acute toxicity Based on available data, the classification criteria are not met.
    - Primary irritant effect:
      - Skin corrosion/irritation
      - Causes severe skin burns and eye damage.
      - · Serious eye damage/irritation
      - Causes severe skin burns and eye damage.
    - Respiratory or skin sensitisation Based on available data, the classification criteria are not met. • CMR effects (carcinogenity, mutagenicity and toxicity for reproduction)
      - Germ cell mutagenicity Based on available data, the classification criteria are not met. • Carcinogenicity Based on available data, the classification criteria are not met.
      - · Reproductive toxicity Based on available data, the classification criteria are not met.
    - STOT-single exposure Based on available data, the classification criteria are not met.
    - STOT-repeated exposure Based on available data, the classification criteria are not met.
