# 2. HAZARDS IDENTIFICATION

#### **GHS Classification**

#### OSHA Regulatory Status

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

| Oxidizing liquids                                  | Category 1  |
|--|-------------|
| Skin corrosion/irritation                          | Category 2  |
| Serious eye damage/eye irritation                  | Category 2A |
| Carcinogenicity                                    | Category 2  |
| Reproductive toxicity                              | Category 1B |
| Specific target organ toxicity (repeated exposure) | Category 1  |

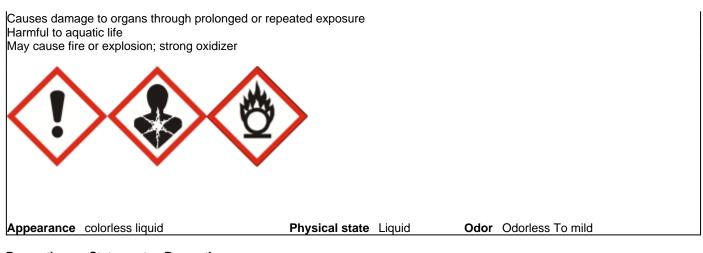

#### Label elements

**Emergency Overview** 

# Signal word

Danger

Hazard statements Causes skin irritation Causes serious eye irritation Suspected of causing cancer May damage fertility or the unborn child

# **Precautionary Statements - Prevention**

Keep away from heat Keep/Store away from clothing/ and other /combustible materials Obtain special instructions before use Do not handle until all safety precautions have been read and understood Do not breathe dust/fume/gas/mist/vapors/spray Do not eat, drink or smoke when using this product Wear fire/flame resistant/retardant clothing Wear protective gloves/protective clothing/eye protection/face protection Wash face, hands and any exposed skin thoroughly after handling Avoid release to the environment

#### **Precautionary Statements - Response**

IF exposed or concerned: Get medical advice/attention

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing If eye irritation persists: Get medical advice/attention

IF ON SKIN: Wash with plenty of soap and water If skin irritation occurs: Get medical advice/attention Take off contaminated clothing and wash before reuse

IF ON CLOTHING: rinse immediately contaminated clothing and skin with plenty of water before removing clothes In case of major fire and large quantities: Evacuate area. Fight fire remotely due to the risk of explosion In case of fire: Use Water spray, fog or regular foam for extinction

#### Precautionary Statements - Storage Store locked up

**Precautionary Statements - Disposal** Dispose of contents/container to an approved waste disposal plant

Hazards not otherwise classified (HNOC) Not applicable

Other Information

Unknown acute toxicity

52.1 % of the mixture consists of ingredient(s) of unknown toxicity

# **3. COMPOSITION/INFORMATION ON INGREDIENTS**

This material is considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).

| Chemical name          | CAS No    | Weight-% | Trade Secret |
|------------------------|-----------|----------|--------------|
| Formamide              | 75-12-7   | 30 - 60  | *            |
| Sodium (meta)periodate | 7790-28-5 | 1 - 5    | *            |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

#### 4. FIRST AID MEASURES

#### Description of first aid measures

| 5. FIRE-FIGHTING MEASURES  |   |  |
|--|---|--|
| Note to physicians   | Treat symptomatically.  |  |
| Indication of any immediate medical attention and special treatment needed |   |  |
| Symptoms   | May damage fertility or the unborn child. Persons with impaired reproductive function may<br>be more susceptible to the effects of this material. May cause cancer. May cause damage<br>to organs through prolonged or repeated exposure. |  |
| Most important symptoms and effe   | ects, both acute and delayed  |  |
| Self-protection of the first aider   | Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.   |  |
| Ingestion  | Get medical advice/attention.   |  |
| Inhalation   | If symptomatic, move to fresh air. Get medical attention if symptoms persist. Move victim to fresh air.   |  |
| Skin Contact   | Wash skin with soap and water. Get medical attention if irritation develops and persists.   |  |
| Eye contact  | In case of contact with substance, immediately flush skin or eyes with running water for at least 20 minutes.   |  |
| General advice   | Treat symptomatically. Use first aid treatment according to the nature of the injury. Remove and isolate contaminated clothing and shoes.   |  |

#### Suitable extinguishing media

Dry chemical, CO2, water spray or regular foam, Water spray, fog or regular foam, Move containers from fire area if you can do it without risk, Dike fire-control water for later disposal

#### Unsuitable extinguishing media

Do not scatter spilled material with high pressure water streams.

#### Specific hazards arising from the chemical

Some may burn but none ignite readily. Those substances designated with a "P" may polymerize explosively when heated or

involved in a fire. Some may be transported hot.

#### Hazardous combustion products

Carbon oxides. Ammonia. Nitrogen oxides (NOx). Hydrogen cyanide.

#### Explosion data

| Sensitivity to Mechanical Impact | None. |
|----------------------------------|-------|
| Sensitivity to Static Discharge  | None. |

#### Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

# 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

| Personal precautions   | Do not touch or walk through spilled material. Stop leak if you can do it without risk. Avoid breathing dust/fume/gas/mist/vapors/spray.  |  |
|--|---|--|
| For emergency responders                                     | Use personal protection recommended in Section 8. Keep unnecessary personnel away.  |  |
| Environmental precautions                                    |   |  |
| Environmental precautions                                    | Prevent entry into waterways, sewers, basements or confined areas.  |  |
| Methods and material for containm                            | ent and cleaning up   |  |
| Methods for containment                                      | Prevent further leakage or spillage if safe to do so. Prevent runoff from entering drains, sewers, or streams.  |  |
| Methods for cleaning up                                      | Use personal protective equipment as required. Contain and collect spillage with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see Section 13). Large spill. Prevent runoff from entering drains, sewers, or streams. Dike far ahead of liquid spill for later disposal. |  |
| Prevention of secondary hazards                              | Clean contaminated objects and areas thoroughly observing environmental regulations.  |  |
|  | 7. HANDLING AND STORAGE   |  |
| Precautions for safe handling                                |   |  |
| Advice on safe handling                                      | Use personal protective equipment as required. Handle in accordance with good industrial hygiene and safety practice. Do not breathe vapor.   |  |
| Conditions for safe storage, including any incompatibilities |   |  |
| Storage Conditions   | Keep container tightly closed. Keep/store only in original container. Store away from incompatible materials. Store at -15° C to -25° C (5° F to -13° F).   |  |
| Incompatible materials                                       | Strong oxidizing agents.  |  |
| 8. EXPOSURE CONTROLS/PERSONAL PROTECTION                     |   |  |

#### Control parameters

# **10. STABILITY AND REACTIVITY**

#### Reactivity

#### Chemical stability

Stable under normal conditions. Stable under recommended storage conditions.

#### Possibility of Hazardous Reactions

None under normal processing.

#### Hazardous polymerization

Hazardous polymerization does not occur.

#### Conditions to avoid

None known.

#### Incompatible materials Strong oxidizing agents.

Strong oxidizing agents.

### Hazardous decomposition products

Carbon oxides. Ammonia. Nitrogen oxides (NOx). Hydrogen cyanide.

# **11. TOXICOLOGICAL INFORMATION**

# Information on likely routes of exposure

| Product Information | Reproductive toxicant  |
|---------------------|--|
| Inhalation          | Under normal conditions of intended use, this material is not expected to be an inhalation hazard. |
| Eye contact         | Causes serious eye irritation.   |

Skin Contact

Causes skin irritation.

Ingestion

No harmful effects expected in amounts likely to be ingested by accident.

#### Component Information

| Chemical name | Oral LD50                       | Dermal LD50 | Inhalation LC50     |

#### Persistence and degradability

Readily biodegradable.

#### **Bioaccumulation**

| Chemical name | Partition coefficient |  |
|---------------|-----------------------|--|
| Formamide     | -0.82                 |  |

75-12-7

<u>Mobility</u>

No data available.

Other adverse effects No data available Ozone Not classified Ozone depletion potential (ODP) No information available

# **13. DISPOSAL CONSIDERATIONS**

| Waste treatment methods |   |
|-------------------------|---|
| Disposal of wastes      | Disposal should be in accordance with applicable regional, national and local laws and regulations.                         |
| Contaminated packaging  | Do not reuse container. Disposal should be in accordance with applicable regional, national and local laws and regulations. |

Legend:

TSCA - United States Toxic Substances Control Act Section 8(b) Inventory

DSL/NDSL - Canadian Domestic Substances List/Non-Domestic Substances List

EINECS/ELINCS - European Inventory of Existing Chemical Substances/European List of Notified Chemical Substances

ENCS - Japan Existing and New Chemical Substances

**IECSC** - China Inventory of Existing Chemical Substances **KECL** - Korean Existing and Evaluated Chemical Substances

**PICCS** - Philippines Inventory of Chemicals and Chemical Substances **AICS** - Australian Inventory of Chemical Substances

**INSQ** - Mexican National Inventory of Chemical Substances

#### **US Federal Regulations**

#### <u>SARA 313</u>

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

#### SARA 311/312 Hazard Categories

| Acute health hazard               | No  |
|-----------------------------------|-----|
| Chronic Health Hazard             | Yes |
| Fire hazard                       | No  |
| Sudden release of pressure hazard | No  |
| Reactive Hazard                   | No  |

#### CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

#### **CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

#### US State Regulations

#### California Proposition 65

This product does not contain any Proposition 65 chemicals

#### U.S. State Right-to-Know Regulations
